From our newest 4" x 4" Column Sentry®, to our largest 18" x 18", we have the size to cover most any column you have.

Extremely versatile

Every size to fit every application you have.

- Fits columns from 4-inch to 18-inch, squares, rounds and H's
- Footprints from approximately 14" (36 cm) x 38" (97 cm) in diameter
- Custom sizes available
- Built to last and protects in any condition
- Two FE* sizes available to accommodate fire extinguisher equipment

Incredibly tough

Our products protect in any condition.

- A patented product, is molded from a semi-flexible and stress-crack resistant plastic
- It minimizes the force of tow motor and other impacts that can damage columns, surrounding supports, vehicles and operators

Highly visible and easily maintained

Our products work.

- Bright Safety Yellow
- UV stabilized plastic prevents fading or discoloration
- Waterproof, easy to clean and removable for maintenance
- Chemical-resistant and non-conductive

Easily installed

Our products can be put anywhere you have a need.

- Lightweight, one person can install in seconds
- Save time, labor and the cost of other materials

Cost-effective

Our products are built to last.

- Protects the structural integrity of your building
- Costs a fraction of column replacement
- A one-time "insurance" investment
